

# Helcim Partners with the Massage Therapy Association of Manitoba (MTAM) to Support RMTs with Affordable Payment Solutions

Helcim is excited to announce a new partnership with the Massage Therapy Association of Manitoba (MTAM), a leading voice for Registered Massage Therapists (RMTs) in Manitoba. This collaboration brings a valuable benefit to MTAM members by providing access to Helcim's [affordable, transparent payment solutions](#) designed to help clinics operate more efficiently.

With over 1,200 members, MTAM plays a pivotal role in supporting the professional development of RMTs, advocating for the industry, and maintaining trusted relationships with national and provincial insurers. The association's mission is to ensure that massage therapy remains one of the most professional and highly utilized healthcare services in Manitoba.

Through this partnership, MTAM members can now leverage Helcim's [payment platform](#) to streamline their clinic operations, save on processing fees, and enhance client experiences. Helcim's user-friendly tools make it easier for RMTs to accept payments [in person](#) or [online](#), manage recurring payments, and access business reporting—all through one comprehensive platform.

Tricia Weidenbacher, Executive Director of MTAM, expressed her enthusiasm for the partnership:

"MTAM is thrilled to partner with Helcim to provide members with access to an affordable payment system for their clinics."

Natasha Smith, an MTAM member who has already made the switch to Helcim, shared her positive experience:

"I'm so happy that I switched to Helcim as my payment processor. It's easy to use, it saves me quite a bit of money, and I prefer the Helcim point-of-sale device to what I was using in the past. I have no regrets!"

Nic Beique, CEO of Helcim, also expressed his excitement about the collaboration:

*"At Helcim, we're passionate about supporting small businesses, including healthcare professionals like Registered Massage Therapists. We're confident that our partnership with MTAM will help their members access our most affordable payment solutions that make running their clinics easier and profitable."*

This partnership aligns with Helcim's mission to empower small businesses and healthcare providers with the tools they need to succeed. By working together, Helcim and MTAM are ensuring that RMTs in Manitoba can focus more on delivering exceptional care to their clients and less on the complexities of managing payments.

For more information about Helcim's payment solutions and how MTAM members can benefit from this partnership, visit [Helcim's website](#) or reach out to MTAM for member-specific details.

## About MTAM

The Massage Therapy Association of Manitoba (MTAM) is the professional home for Registered Massage Therapists in Manitoba. The association supports its members with education, resources, advocacy, and personalized assistance to ensure massage therapy remains a highly respected healthcare service in the province. Led by a volunteer Board of Directors and supported by professional staff, MTAM continues to advance key initiatives, including pursuing regulation and contributing to the national effort for GST/HST exemption for RMTs.

## About Helcim

Helcim is a payments company dedicated to helping small businesses thrive by providing transparent, affordable, and easy-to-use payment solutions. With a mission to empower merchants with better tools and lower fees, Helcim offers a comprehensive platform that includes payment processing, invoicing, subscriptions, and business management tools—all without monthly fees or long-term contracts.
